Students will only be released from the supervision of the bus driver to a parent, adult guardian, or older sibling. If a parent, adult guardian, or older sibling is not visually present at the bus stop, the driver is required to return the student to the school and the supervision of an administrator. If your child is returned to school three times, he/she will lose bus riding privileges for the remainder of the semester. If a third offense occurs near the conclusion of the first semester, the administration has the authority to deny bus privileges for the remainder of the school year.

If you want your child to get off the bus with another adult or older Student, you must send a note to the school giving your permission. A signed and dated note must be sent to School with the Student if a change is made to how he/she is to get home from school. If your child does not have a note (signed & dated), we will send him/her home by bus or car according to the registration card. No transportation changes will be taken over the phone or by email.

Hazardous road conditions due to inclement weather may cause disruptions to the bus routes and time schedules. Students will not be allowed to ride with friends or to unassigned bus stops. All changes regarding bus transportation must be verified by the school and documented with a note from a parent/guardian.
